

Public Hearing Notice

The Greater Madison MPO (Metropolitan Planning Organization) will conduct a public hearing on the Draft *2022-2026 Transportation Improvement Program (TIP) for the Madison Metropolitan Area & Dane County Area*. The TIP lists major transportation improvements, including roadways, transit, bicycle, and pedestrian projects, anticipated to be undertaken during the next five-year period. The hearing invites comments or concerns regarding the listing of projects, particularly STBG-Urban projects proposed to be funded by the MPO and others with federal funding which must be approved by the MPO. The MPO's public involvement process for the TIP is used by the City of Madison (Metro Transit) to also satisfy the public participation requirements for development of the Program of Projects required under Section 5307 of the Federal Transit Act.
